TIPS FROM THE PRO

The Winter Season is now upon us, with cold winds blowing from the north and the course covered in snow, we have little chance to enjoy the game we love. None the less, we cannot enter into a Season of Hibernation. We must find ways to maintain our fitness level and keep our golf game in tune. We must find ways to keep in touch with the game.

This is just one of the reasons why I have designed and equipped the Heather Ridge Country Club Indoor Golf Training Center. The four station training center features an indoor driving range, golf swing pivot muscle development device, a weighted swing plane maintenance station, and a full motion golf swing simulator, with a High Definition Projector, a 135 inch projection screen, and an integrated High Definition Swing Analysis Video Camera.

The Heather Ridge Country Club Indoor Golf Training Center has been designed to allow members and guests to conduct a Four Station Golf Experience that incorporates all of the facets of both a round of golf, played on your choice of renowned golf courses from all over the world (ie Pebble Beach, Torey Pines, Oakmont, Sawgrass, etc), combined with a private instructional session, and a DVD of your golf swing. The Four Station Golf Experience takes approximately 3 hours to complete. All of this for only \$35 for members and \$50 for guests. The Heather Ridge Country Club Indoor Golf Training Center allows you to maintain and improve your golf swing, sharpen your competitive skills, and enjoy competitive play against fellow club members or top PGA Tour professional like Tiger Woods, Phil Mikelson, Ernie Els, Lorena Ochoa, Anika Sorenstam, and more. Once you have enjoyed the Four Station Golf Experience, you can continue to develop your golf game, by returning to use the Indoor Driving Range, Golf Swing Pivot Muscle Development Device, and Weighted Swing Plane Maintenance Station **AT NO CHARGE TO MEMBERS.**
